# BED VERSAILLE, QUEEN

With Neo-Classic design, the Versailles Bed is a very good example of a combination of hand carved subtle designs in its head and foot board with refined luxury finishes. The subtle contrast of a pale metallic gilded finish over a multi layer antique French tone make this a master piece you will want to place in a home where no detail was left behind.

**SKU:** MB-051-1816-Q | **Categories:** Bedroom, Beds |
