

PARMA COLLECTION

The new **Parma Collection** features the pairing of the classic Calada Buffet, which offers a traditional design of cut through panels on its front doors, along a round 60" Dining Table Parma. With a solid squared sides center pedestal finished in a rich Acorn, a multi hue combination of warm tones, and a creamy subtly distressed top; this set has ample space to be complemented by oversized comfortable Leyla Dining chairs.

The marbled antique French inspired finish on the Console with distressed highlights of burnt gold tones, perfectly meets the warm tones of the table. The performance fabric we have selected to cover the Leyla chairs provide a light and open space that works well for the aesthetics of a traditional refined environment.
