SOFA TARDELLE, TUFTED LEATHER

With a twist on a traditional chesterfield tufted leather sofa, we have created a higher back and deeper seat classic. The Tardelle tufted leather sofa is entirely covered in top grain Italian high quality leather in a cognac tone with a flat finish that resembles years of use.

The seat cushions are a departure of the traditional over stuffed thick seats and intend to replicate an old library piece that has been re shaped by the use. Still offering extreme comfort, this sofa blends the purity of a Chesterfield piece with today's life style, so you can seat in a deeper cushion, relax, put your legs up and enjoy your favorite read.
